AUTOMOTIVE PAINT & HEADLAMP PROTECTION

...XPEL

Paint Protection: Sustain impact from 1 inch stones up to 120 mph.

Computer-Cut Paint Protection
Accurate patterns, eliminates
trimming on vehicles.

Paint Protection Invisible film
defending a vehicles most
vulnerable impact areas against
road debris and bug damage.

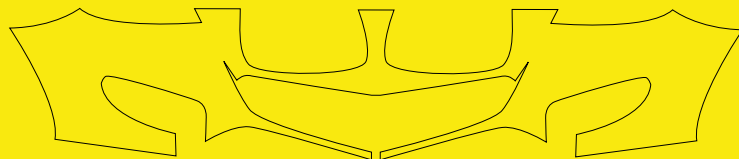

Headlamp Protection
Will not diminish illumination.

ETARI Paint Protection Products protect the leading edge of your vehicle from damage caused by rocks, gravel, salt or insects through the application of a thin and virtually invisible urethane film.

All ETARI products are computer cut to ensure rapid and damage free installation.

Computerized film cutter. ETARI acquires latest technologies to provide our clients better services.

3M

3M Scotch tint™ not only give that elite look but naturally blend with the color of your car.

التظليل الحراري CAR WINDOW TINT

Computer-Cut Window Tint makes it easy to align and fit the windshield.

Applying the tint pre-cut to the required size or shape makes manual application easy.

Elegant Clean Finish...no mess no excess films, no scratch on car paint.

3M automotive window films for your vehicle reduce heat, glare and block 99% of of harmful UV rays. No matter what you drive, 3M auto window films can give your car a custom look thats right for you.

SIX REASONS TO TINT YOUR CAR AT ETARI:

1. Avoid overheating
2. Protect your skin
3. Accident protection
4. Safer driving
5. Enhanced privacy
6. Prevent cracking and fading

KEEP YOUR CARS INTERIOR COOL WITH 3M WINDOW FILM

اطارات TIRES

ETARI prides itself in bringing quality merchandise to valued customers. To save customers time in endless searches for the best tire value, we showcase varieties of world renowned brands.
